Safety and Violence Prevention Online Training

The Safety and Violence
Prevention Curriculum is one
of many collaborative efforts
Ohio is spearheading to help
remove barriers to learning
and to keep children safe.

This training meets the
requirement for
Ohio Revised Code 3319.073

Produced in partnership
with the Ohio
ESC elearning Collaborative

Safety and Violence Prevention Online Training

The Ohio Department of Education (ODE) and the Ohio Department of Mental Health worked with Justice Evelyn Stratton of the Ohio Supreme Court in conceptualizing the Safety and Violence Prevention Curriculum training. The Ohio Suicide Prevention Foundation and the Interprofessional Commission of Ohio played instrumental roles in writing the curriculum and in soliciting input from more than 30 state and local agencies, universities, schools and associations.

The online training meets new requirements of state law stipulating that all kindergarten through grade six school professionals take four hours of training in child abuse recognition; violence and substance abuse prevention; and positive youth development by **March 30, 2009**, and every five years thereafter (Ohio Revised Code Section 3319.073).

This replaces the Child Abuse Prevention Training.

The training has four modules:

Module 1: Mental and Behavioral Health
Issues in Students

Module 2: Depression and Suicide

Module 3: Alcohol and Drug
Abuse and Addiction

Module 4: Violence Against Children
