Blood Borne Pathogen Online Course

OSHA regulations require educators to have annual Blood Borne Pathogen training.

Do you need a training program?

CCESC offers a Blood Bourne Pathogens course online.

The course takes an hour and provides training on:

- The Laws
- Related Diseases
- Universal Precautions
- Demonstration of handwashing
- Glove Demonstration

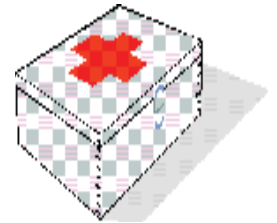

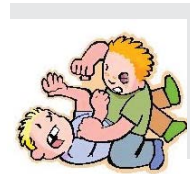

The course was written by Tracy Willis, RN

Each section contains information, resources and a quiz.

Participants must pass each quiz to earn a certificate.
